

ANGA & KAIŌ

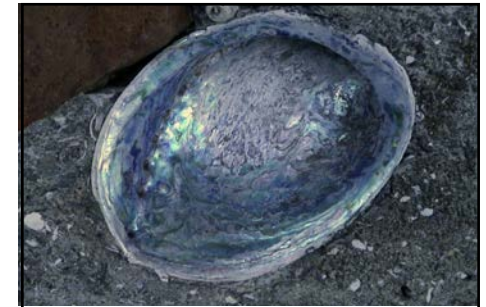

Kuku
(Green-lipped mussel)
(*Perna canaliculus*)

Torewai / toretore / pōrohe
(Blue mussel)
(*Mytilus galloprovincialis*)

Kākahi
(Freshwater mussel)
(*Hyridella menziesi*)

Pāua

Kina

Kōura
(Crayfish / Rock lobster)

Pūpū
(Bubu / cats eye)
(*Turbo smaragdus*)
Photo: teara.govt.nz

Whētiko
(Sea snail)
(*Argobuccinum pustulosum?*)

Kaiō
(Sea squirt, sea tulip)
(*Pyura pachydermatina*)

DOTTERELS, PLOVERS

Tūturiwhatu

NZ dotterel

(*Charadrius obscurus*)

Regionally: critical

Nationally: at risk, recovering

Pohowera

Banded dotterel

(*Charadrius bicinctus*)

Regionally: vulnerable

Nationally: vulnerable

[?]

Black-fronted dotterel

(*Elseyaornis melanops*)

Regionally: least concern

Nationally: at risk, naturally

[?]

Spur-winged plover

(*Vanellus miles*)

Regionally: not threatened

Nationally: not threatened

TERNS, STILTS, OYSTERCATCHERS

Tara

White-fronted tern

(*Sterna striata*)

Regionally: not threatened

Nationally: at risk, declining

Taranui

Caspian tern

(*Hydroprogne caspia*)

Regionally: critical

Nationally: vulnerable

Photo: Jan Gurney, Flickr

Poaka

Pied stilt

(*Himantopus himantopus*)

Regionally: vulnerable

Tōrea pango

Variable oystercatcher

(*Haematopus unicolor*)

Regionally: critical

Nationally: at risk, recovering

TE MOKOPUNA A HINE-KARORO - GULLS

Karoro
Southern black-backed gull
(*Larus dominicanus*)
Regionally: not threatened
Nationally: not threatened

Tarāpunga
Red-billed gull
(*Larus novaehollandiae*)
Regionally: vulnerable
Nationally: at risk, declining

Photo: Oscar Thomas, NZbirdsonline

[Tarāpuka]
Black-billed gull
(*Larus bulleri*)
Regionally: critical
Nationally: critical

Photo: Oscar Thomas, NZbirdsonline

TE MOKOPUNA A TEREPUंगा - SHAGS

Kōau (kawau)
Black shag
(*Phalacrocorax carbo*)
Nationally: at risk, naturally uncommon
Regionally: data deficient

Kawau tūi
Little black shag
(*Phalacrocorax sulcirostris*)
Nationally: at risk, naturally uncommon
Regionally: data deficient

Photo: Terence Alexander, eBird

Kawau paka
Little shag
(*Phalacrocorax melanoleucos*)
Regionally: endangered
Nationally: not threatened

Photo: Ormond Torr, NZbirdsonline

Kāruhiruhi
Pied shag
(*Phalacrocorax varius*)
Regionally: vagrant
Nationally: at risk, recovering

Photo: Peter Reese, NZbirdsonline

HERONS, SPOONBILLS, GANNETS

Matuku moana

White-faced heron

(Egretta novahollandiae)

Regionally: vulnerable

Nationally: not threatened

Kotuku ngutupapa

Royal spoonbill

(Platalea regia)

Regionally: critical

Nationally: at risk, naturally uncommon

Photo: whitebear100, Flickr

Tākupu

Australasian gannet

(Marus serrator)

Regionally: not threatened

Nationally: not threatened

Photo: njohn209, Flickr

Kakīānau

Black swan

(Cygnus stratus)

Regionally: not threatened

Nationally: not threatened

DUCKS, PIPIT, MYNA

Pūtangitangi

Paradise Shelduck

(Tadorna variegata)

Regionally: not threatened

Nationally: not threatened

Photo: Rebecca Bowater, Flickr

Rakiraki

Mallard

(Anas platyrhynchos)

Regionally: introduced & naturalised

Nationally: introduced & naturalised

Photo: Neil Fitzgerald, NZbirdsonline

Pīhoihoi

NZ Pipit

(Anthus novaeseelandiae)

Regionally: not threatened

Nationally: at risk, declining

Photo: njohn209, Flickr

Maina

Common myna

(Acridotheres tristis)

Regionally: introduced & naturalised

Nationally: introduced & naturalised

Photo: S. Nysteen, Flickr
